## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 01/24/2003 has been entered.
2. Claims 1-28 are pending for examination, claims 1, 6-8, 13, 17-19 and 25-28 have been amended.

### ***Allowable Subject Matter***

3. Claims 1-28 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Claim 1 is allowable because the prior art on record or that encountered in searching for the invention, fails to disclose or suggest the features of instant invention – using tools including artificial intelligence to model the relational database and produce a modeling result including at least one marketing model and at least one risk model, such that marketing model having a net present value / profitability model, a prospect pool model, a net conversion model, an attrition model, a response model, a

revolver model, a balance transfer model, and a reactivation model for facilitating customer to compare the result to prior modeling results and make targeting selections -- as claimed in a combination by applicant.

Claim 13 is allowable because the prior art on record or that encountered in searching for the invention, fails to disclose or suggest the features of instant invention – using tools including artificial intelligence to model the relational database and produce a modeling result including at least one marketing model and at least one risk model, such that the risk model having a payment behavior prediction, a delinquency, a bad debt, a fraud detection, a bankruptcy, and a hit and run model for helping customer to compare the result to prior modeling results and make targeting selections -- as claimed in a combination by applicant.

Claims 2-12 and 14-28, respectively depend on claims 1 and 13, therefore are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
